M&A process: a literature review and research agenda ...

An EU cross-border merger is the coming together (“merger”) of two or more companies (or partnerships) which are incorporated in at least two EU member states. EU cross-border mergers are regulated by the 2005 European Directive on Cross-Border Mergers of Limited Liability Companies, which is transposed by EU member states into national law.
Taking cross-border M&A activity at the country level as shocks to the access to global financial markets, we find no evidence of governance spillovers when the target firm is located in a country with low GDP per capita or low stock market capitalization (as a percentage of GDP). Second, Ahern, Daminelli, and Fracassi (2015) show that the volume of cross-border M&As is higher between countries with relatively similar cultures. We find no evidence of governance spillovers after cross ...
